

Isabelle Tjokrosetio

Senior Product Designer & Strategist

8+ years leading end-to-end design across fintech, government and enterprise SaaS. Known for translating ambiguous business problems into product direction: owning stakeholder alignment, research and design from concept to delivery. Proven track record mentoring teams and driving measurable outcomes in high-stakes, agile environments.

SELECTED EXPERIENCE

Aug 2025 - Present

Monetary Authority Of Singapore — Senior Product Designer

End to end product design, strategy and research for a data & AI heavy, supervisory platform for MAS officers and financial institutions.

July 2025

Singapore Polytechnic — Guest Speaker

Guest Speaker for User Experience Research module.

May 2025 - Aug 2025

Salesforce — Senior Experience Designer

Drove UX strategy and design for the first Agentforce implementation in APAC, shaping AI-enabled workflows and streamlining the concierge journey. Optimized end-to-end loan application journeys for Axis Bank using Salesforce Omniscripts and Service Cloud.

Sep 2022 - Apr 2025

IBM Singapore — Product Designer/Business Analyst

DBS Data & AI team; Improved time-to-value by 19%-26% for main user journeys through leading workshops to identify pain points and solutions. Launched an AI-driven product that helped users define metadata with 80% less effort and time.

Airforce Singapore; Led the UX design for a new document management system, eliminating all paper documents. Translated business requirements into product direction, defined product roadmap.

Ministry of Defence; Service design and stakeholder management for e-registration in a new smart campus, reduced waiting time by ~83%.

Business transformation efforts; Collaborate with public sector, finance & FMCG firms on their Agile, Design and Business Transformation Journey.

Jul 2020 - Sep 2022

GovTech Singapore — UX Designer

Led interaction design and research for Singapore's foreigner work pass ecosystem, streamlining workflows through design system governance and close collaboration with developers, BAs and senior management.

Sep 2019 - May 2020

The Massachusetts Daily Collegian — UX Designer

Redesigned the online news site to increase viewership and improve reading experience.
